**- MESSAGE FROM LAURALEI *PROTECTING YOUR SPACE: HOME CLEANSING RITUALS*** Whether you live in an apartment, a house or a duplex, you need to be very aware of the types of energy waves that move through you home, both from physical sources around your space and from spiritual energies from everywhere. The more sensitive you are, the more these waves of energy, will affect you. I recommend before moving into a new space, that you spiritually cleanse it thoroughly. Furthermore, you should do a spiritual cleansing of the space at least once a month.

- Sage Smudging is one of the oldest and strongest purification rituals on many levels. The smoke transcends both the physical plane, and clears negativity not only from your home, but from your aura.

Sage is embedded both with Earth Energy and carries the strong thought form from Native American traditions. Sage is can be bought in bundles at any new age store, or online, but if you get really desperate you can find it at your local grocery store in the herbal cooking section. Open all the closets, cabinets, and bedroom doors in the house. Light the end of the sage bundle and walk into each space, blowing a little of the smoke into the corners of every room and closet. Let your home vibrate for at least 2 hours before you open the windows and doors.

Unfortunately, not everyone can weather the smell of sage and many of us are allergic to incense. A great alternative that I recommend for homes is Sea Salt.

- Sea Salt is one of the strongest purifiers we know. It represents the combination of both white light and earth energy. Sprinkle a teaspoon of sea salt in every corner (and I mean every corner) of your home.

Himalayan Salt Lamps, which are salt crystals, are great for home protection. Not only do they ground EMF (electromagnetic pollution) created by all electric equipment, the light mist of salt

they emit will kill bacteria and allergens. On a spiritual level, they make any space feel warm and secure.

- There is a reason why Frankincense and Myrrh was given to the baby Jesus. At that time essential oils were more expensive than gold.

When you burn oils or incense, the smoke of this combo can be seen and smelled on higher spiritual planes. They become a call to spirit guides, angels, and guardians to assist you. They will help raise the vibrational frequencies of not only the home, but the people who live there. Spiritual Protection was the real gift given to the infant Jesus, by the wise men. If you buy these in the form of oils, make sure they contain the natural ingredients of Frank & Myrrh and are not fragrances, which are synthetic. (The same is true of incense. I do not believe the Frank & Myrrh Incense works as well as the sage, but it does smell better).

#### **PRIVATE: ODEN & USUI REIKI LESSONS/CERTIFICATION** **AVAILABLE WITH DAVID - CALL & SCHEDULE!**

**WHAT IS ODEN REIKI? TAKE USUI & ODEN REIKI FOR ONE PRICE!** How does Oden Reiki Work? Everything alive has a Life Force Energy, Aura or Shield around it. We know it can be photographed and we think many intuitive people can see it. What exactly is this shield and what is its function while we exist on the physical plane? The Aura is a series of rings of energy that encircle and nourish our physical and spiritual bodies. The inner ring usually remains the same color in our lives and it is the vibrational frequency we used to enter this physical plane. The middle and outer rings change frequently. The patterns and colors contain all we are, all we have experienced and everything we are about to. This is what a clairvoyant often tunes into when reading a person. If we have any kind of dark or heavy pattern in our middle or outer auras, we might have a corresponding condition in our physical, mental or emotional bodies. Rather than pulling the energy out or pouring light into it, Oden Reiki matches the frequency of such energy, surpasses and then shatters it. Much in the same way Ella Fitzgerald did in the 1960's Memorex Commercials, when she shatters a glass by hitting a high note. In easy terms, Oden Reiki is instantly in its results to purify the Aura, or Life Force Energy Field of anyone or anything. Within minutes the offending energy pattern no longer exist as it was, it has been shattered to raw energy to be returned to the first spiritual plane of Energy. This in turn can cause drastic and instant changes in the physical body.

**\*HOW TO PROGRAM A CRYSTAL:** Crystals grow. Crystals have a natural pulse; because they are always growing, this pulse makes them ideal to energize all electronics, including your watch, computer, radio, etc. This pulse can be heard on a subconscious level. It is possible to place a thought in a crystal and it will pulse that thought to your subconscious brain. Since the subconscious brain believes & incorporates whatever it hears repeatedly, you can make positive changes in your life by using crystals. Sit quietly, place the crystal in your right hand, and holds it to your third eye. Visualize and repeat what you want to change in the crystal. Does it for at least 3-5 minutes, and then the thought withholds? Send love to the thought and the crystal. Surround the crystal with gold light, place by your bed or desk, somewhere where you spend a lot of time & let it do its work!
