MESSAGE FROM LAURALEI: Oden Light: I am Oden. Hello. I am here tonight to speak with you and then I am open to you asking questions. First, I want, because of the time of year, because of the world. We want to first have a brief discussion about light. We have in our hearts the understanding of light; our hearts are light. We feel light from the sun, and we feel light within. And we find in that light a sense of vibrational purpose. Sometimes healing. Sometimes we feel a knowing or a connection to God. But on this level, we tend to limit ourselves to light that we can understand. So, because of this season and because of where we are at. I would like for you to open your minds, your heart, your body, your soul, your spirit and open it to light that you may not understand. Open it to frequencies of light that you may or may not experience. To understand that there is so much more to the word light and that there is so much more to the frequency that we call light. And that if we all had a frequency of light within our heart and we brought all those frequencies of light together then we would be but a small particle of the light which exists within the state of mind of that which we call God. Gods light vibrates to frequencies that are almost impossible to understand but are not impossible to bring into your life. If we open our heart, if we open our crown. If we open the possibility that there are frequencies of light with untold blessings, they carry then we allow ourselves to receive that which is unknown to us on a physical level but that which is a part of us on a spiritual level. If we could remember home, if we could remember our beginning, if we could remember the purpose of our creation. For all of us have a unique reason that God created us. And with that unique purpose is also a unique frequency of light that came into existence with our creation. With each of our own individual creations. So, you have within you, upon you, without you, belonging to you a frequency of light that you alone share with God or with your creation. And open yourself up to receiving that which you may not have yet experienced, and which may be very difficult to understand in a physical reality. But open yourself up to the possibility that you are extremely important, that you are extremely significant, and that you have a purpose which no other spirit or soul can perform or pursue. Think about in every moment that you can, bringing in that unique connection of light that exists only between you and your creation and with it you will find that your spirit will begin to remember who they

are, why they are here and what they need to pursue. And in that I hope that we can be open to our own unique vibration of light, but we can also be open to the other unique frequencies of light that exist among and beyond what our conception of light is. And allow those frequencies to also find a home, a grounding, availability, and a space within our life. Because bringing in light that you may or not be aware of, that you may or may not be able to see- Those vibrations are the angelic realm and beyond the angelic realm. Beyond the angelic realm, our frequencies of light that are so pure and are so mystifyingly exact in their ability to bring peace and wholeness to all that exist in all realms, in all dimensions, in all planes, that just beginning your journey to the possibility that there are frequencies of light that you can bring to the physical realm and become a part of your physical being whether or not you understand, can comprehend, can see, but knowing that that light becomes a part of your spirit- enriches not only the spirit having a physical experience but enriches the physical existence itself. In that I pray for peace and enlightenment which is a very appropriate word for all of you this evening.

PRIVATE: ODEN & USUI REIKI LESSONS/CERTIFICATION **AVAILABLE WITH DAVID - CALL & SCHEDULE!**

WHAT IS ODEN REIKI? TAKE USUI & ODEN REIKI FOR ONE PRICE! How does Oden Reiki Work? Everything alive has a Life Force Energy, Aura, or Shield around it. We know it can be photographed and we think many intuitive people can see it. What exactly is this shield and what is its function while we exist on the physical plane? The Aura is a series of rings of energy that encircle and nourish our physical and spiritual bodies. The inner ring usually remains the same color in our lives, and it is the vibrational frequency we used to enter this physical plane. The middle and outer rings change frequently. The patterns and colors contain all we are, all we have experienced and everything we are about to. This is what a clairvoyant often tunes into when reading a person. If we have any kind of dark or heavy pattern in our middle or outer auras, we might have a corresponding condition in our physical, mental, or emotional bodies. Rather than pulling the energy out or pouring light into it, Oden Reiki matches the frequency of such energy, surpasses, and then shatters it. Much in the same way Ella Fitzgerald did in the 1960's Memorex Commercials, when she shatters a glass by hitting a high note. In easy terms, Oden Reiki is instantly in its results to purify the Aura, or Life Force Energy Field of anyone or anything. Within minutes the offending energy pattern no longer exists as it was, it has been shattered to raw energy to be returned to the first spiritual plane of Energy. This in turn can cause drastic and instant changes in the physical body.

***HOW TO PROGRAM A CRYSTAL:** Crystals grow. Crystals have a natural pulse; because they are always growing, this pulse makes them ideal to energize all electronics, including your watch, computer, radio, etc. This pulse can be heard on a subconscious level. It is possible to place a thought in a crystal and it will pulse that thought to your subconscious brain. Since the subconscious brain believes & incorporates whatever it hears repeatedly, you can make positive changes in your life by using crystals. Sit quietly, place the crystal in your right hand, and holds it to your third eye. Visualize and repeat what you want to change in the crystal. Does it for at least 3-5 minutes, and then the thought withholds? Send love to the thought and the crystal. Surround the crystal with gold light, place it by your bed or desk, somewhere where you spend a lot of time & let it do its work!
