### **MESSAGE FROM LAURALEI: DOMINUS**

I am Dominus, and I am glad to be speaking to you this evening. I have considered what message I would like to offer to all of you, and I think the most that I can give in a way of encouragement for your life and for your spiritual growth is to simply understand your creation, and creation is something that has been given a linear concept, and if you can let go of that, for just a moment, I would like you instead to understand that you have always existed, that in some form, the essence of who and what you are has always existed. When we think of creation, we think of taking something and creating it out of nothing or taking nothing and creating a particle. Creation is about changing something from one form to another. So, if you think about the intelligent being or the enlightened being, which you call your creator, as being some essence that took particles from one aspect and put the beams of light together to create you. You are a vibrational frequency that has always existed and you are the vibrational frequency that comes from the idea of your creator. Your creator is just like you and the aspect where we say man was made in God's image. We are not talking about the nose two eyes and two ears. We are talking about light and we are understanding that light is in perpetual motion, that what your scientists are beginning to understand about light will come to mean even more in the future, that light frequencies are always in a state of change. And your creator changes, evolves and becomes more just as you do. There is no stopping evolution. There is no stopping growth. There is always a reflection of your creator to yourself. What you learn and give and send to that Creator, then is given back freely to you. So, every moment that you achieve a milestone, a spiritual enlightenment, an ability, understand so does your Creator. So, you are as much of a God as God in that you have an ability to continually grow and become more than what you were before. So, when we understand that we are in an essence of continual movement, that time is relative, and time truly does not exist, except in our third-dimensional perspective, so that we can complete or give ourselves a sense of movement, but if we, instead, look at the movement of our light, then we can begin to understand our own essence. So, we want to utilize our inner sight, our inner understanding, and I want you to think of allowing your creator to shine his or her light upon your third eye, awakening that third eye and let that light become extremely bright. And when your third eye is awakened, it is just like looking into a mirror of your creator, the light reflects back the light from you to the light without, to the light within. Look at the light between your

creator and you, there is a stream of bright light. And this is your own light moving toward creator. And as you practice this, you will begin to see spaces between the particles of life. When you begin to see those spaces, you can fill those spaces in with anything you want. You can fill those spaces in with a thought, a desire, an emotion, a feeling of joy. You can place joy in the very essence of who you are, and it will not affect your frequency in any way but to make you more complete, to make you more of who you came to be. If you are an artist, you can put creativity in those spaces. If you are a mental person working on things of difficult computation, you can put in easy ways to achieve it. You can be as much of a creator of yourself as the creator is. When we have the Creator and our third eye exchanging light, this will guarantee that what you put between those spaces is in alignment with what has been chosen both by you and by your creation.

### **PRIVATE: ODEN & USUI REIKI LESSONS/CERTIFICATION** **AVAILABLE WITH DAVID - CALL & SCHEDULE!**

**WHAT IS ODEN REIKI? TAKE USUI & ODEN REIKI FOR ONE PRICE!** How does Oden Reiki Work? Everything alive has a Life Force Energy, Aura, or Shield around it. We know it can be photographed and we think many intuitive people can see it. What exactly is this shield and what is its function while we exist on the physical plane? The Aura is a series of rings of energy that encircle and nourish our physical and spiritual bodies. The inner ring usually remains the same color in our lives, and it is the vibrational frequency we used to enter this physical plane. The middle and outer rings change frequently. The patterns and colors contain all we are, all we have experienced and everything we are about to. This is what a clairvoyant often tunes into when reading a person. If we have any kind of dark or heavy pattern in our middle or outer auras, we might have a corresponding condition in our physical, mental, or emotional bodies. Rather than pulling the energy out or pouring light into it, Oden Reiki matches the frequency of such energy, surpasses, and then shatters it. Much in the same way Ella Fitzgerald did in the 1960's Memorex Commercials, when she shatters a glass by hitting a high note. In easy terms, Oden Reiki is instantly in its results to purify the Aura, or Life Force Energy Field of anyone or anything. Within minutes the offending energy pattern no longer exists as it was, it has been shattered to raw energy to be returned to the first spiritual plane of Energy. This in turn can cause drastic and instant changes in the physical body.

**\*HOW TO PROGRAM A CRYSTAL:** Crystals grow. Crystals have a natural pulse; because they are always growing, this pulse makes them ideal to energize all electronics, including your watch, computer, radio, etc. This pulse can be heard on a subconscious level. It is possible to place a thought in a crystal and it will pulse that thought to your subconscious brain. Since the subconscious brain believes & incorporates whatever it hears repeatedly, you can make positive changes in your life by using crystals. Sit quietly, place the crystal in your right hand, and holds it to your third eye. Visualize and repeat what you want to change in the crystal. Does it for at least 3-5 minutes, and then the thought withholds? Send love to the thought and the crystal. Surround the crystal with gold light, place it by your bed or desk, somewhere where you spend a lot of time & let it do its work!
